GTC Exhibitions Report June 2022

We've had a welcome return to shows this year, starting with a very successful April BSC Expo, a favourite with members. This was followed by a stand at the Media Production & Technology Show in May, a much broader remit but plenty of interest in the Guild and what we do.

Thanks to all involved in the many and varied offerings that Guild membership brings, in particular the workshops and publications, they really draw people in, in partnership with the impressive and ever-evolving sponsor roster.

We are planning to attend these events over the coming months:

KitPlus Manchester 23rd June, MediaCity, Manchester

IBC 9th – 12th Sepember 2022, RAI Amsterdam

KitPlus London 30th September, Twickenham Stadium

KitPlus Bristol 4th October, We The Curious, Bristol

We have been generously supported by Provision Manchester who continue to look after our exhibitions materials for us, and Procam Take 2 who have sent our kit between their premises, and provided a display monitor for the stand.

This year feels very busy for shooting again, and with so many council members working, it can be a challenge to find people available to cover the stand for show dates.

I would like to propose that we create a team to look after exhibitions, and to have a pool of people ready to be on a stand and help coordinate the display materials, to give us all more flexibility. If anyone can spare some time to help with this, it would be greatly appreciated – sharing the workload will reduce it for all of us. Please get in touch 😀
