GTC ADMINISTRATION – AGM REPORT 2022
Roger Richards, GTC Administrator 12/06/2022

Membership

Despite the financial difficulties that many members have encountered over the past twelve months, we have managed to maintain a steady -if slightly slower- increase in our membership figures this year. Our total membership figure to date is 1647 an overall increase 106. The greatest number of losses came from retirements and people leaving the industry.

INSURANCE

We managed to negotiate the continuation of our highly successful Public Liability Insurance scheme which offers exceptional value to members. To keep the costs down we currently absorb a lot of the costs of administering the scheme but it was felt that it might be justified in future years to charge a small increase to cover these. We have 394 members join the scheme since 1st May 2022.

FORUM

The membership of the forum has increased this year to 666 following the slight decline from the previous year.

MEMBERSHIP CARDS/RECEIPTS

In-line with our environmental policy we have stopped automatically posting out membership cards and paper subscription receipts, although you may request either by emailing the admin office. As in previous years we continue to offer an opt-out of receiving our publications, making them available in digital form on our website.
